

FOR COOLING OUT LOUD

SPAL Joins the Net Zero Conversation at #FPC2023

Next week (1-2 March) SPAL UK is off to National Motorcycle Museum for the Future Propulsion Conference.

Focused on how the industry is progressing towards achieving net zero, battery power, hydrogen fuel cell and hydrogen combustion are in the spotlight, so it's the perfect opportunity to showcase the new range of SPAL coolant pumps designed for the efficient operation of liquid cooling systems. Pop along to the NAEC at Stoneleigh to stand 508 to find out more.

The Next Decade of Motorsport Explored at #EEMS2023

Later in March SPAL UK is both an exhibitor and a partner at EEMS 2023 Motorsport Industry Association Net Zero Motorsport Conference.

The event will explore 'Tomorrow's World of Motorsport' and how net zero technology and sport will attract a new audience in the next decade.

SPAL high-performance brushless drive fans and blowers for thermal management and HVAC are among the solutions for current and emerging net zero technology.

Come along for a chat with SPAL to the British Motor Museum, Gaydon on 21 March between 08.30-17.00. find out more.

Cool guy says...

In an increasingly virtual world you can't beat a bit of hands on show and tell.
